

Minutes of the 2019 Annual Ordinary General Meeting of Shareholders

of

CH. Karnchang Public Company Limited

Time and Place:

The Meeting was held on	Tuesday, April 30, 2019 at 9:30 a.m.
At	Supunnika Room on 4 th Floor, Head Office, No. 587 Viriyathavorn Building, Sutthisan Winitchai Road, Ratchadaphisek Subdistrict, Dindaeng District, Bangkok

Preliminary Proceedings at 9:30 a.m.

Mr. Nattavut Trivisvavet, in his capacity as Company Secretary, clarified that to ensure the good corporate governance and the recognition of the shareholders' rights, the Company gave the opportunity for the shareholders to propose additional agenda items of the Meeting and to nominate the qualified persons for appointment of directors prior to the Company's delivery of the Notice of the Meeting which was publicized on the Company's website at www.ch-karnchang.co.th since September 3, 2018, including report on such information via the Stock Exchange's news system. In this Meeting, there was no shareholder proposing any additional agenda items or nominations for election of directors to replace those who would retire by rotation. In addition, the Company publicized the relevant documents on the Shareholders' Meeting on the Company's website since March 29, 2019, in order to allow the shareholders to study the information prior to the Meeting.

In addition, the Company Secretary clarified to the Meeting procedures and the voting method on various agenda items as follows:

1. In casting a vote, one share would have one vote, whereby resolutions would be passed as follows:
 - Resolutions for Agenda Items 1, 3, 4, 5 and 7 would be passed by the majority of votes of the shareholders attending the Meeting and casting their votes.
 - Agenda Item 2 was for acknowledgement and would require no resolution.
 - Resolution for Agenda Item 6: Consideration and Determination of Remuneration for Directors would be passed by not less than two-thirds of the total votes of the shareholders attending the Meeting.

- Resolutions for Agenda Item 8: Consideration and Approval of an Increase in the Amount Limit for Issuance and Offering of Debentures and Agenda Item 9: Consideration and Approval of Amendment of the Articles of Association would be passed by not less than three-fourths of the total votes of the shareholders attending the Meeting and having the voting rights.

2. As for the shareholders attending the Meeting in person, the Company had provided the voting cards to the shareholders in case such shareholders disagree or abstain from voting on any particular agenda item. The Chairman of the Meeting would ask whether there be any shareholders disagreeing or abstaining from voting, and if so, such shareholders would raise their hands for the officers to collect the voting cards. The disagreement votes or abstentions would be deducted from the total votes of the shareholders attending the Meeting to conclude the resultant votes for approval on such agenda item.

As for the agenda item for director election, the officers would collect the voting cards from all shareholders so as to check all votes of agreement, disagreement and abstention, and to conclude the results of the director election on an individual basis, except for proxies who would not be required to vote again.

3. In case of the shareholders who had appointed their proxies and voted on various matters, in respect of which the Company collected and recorded such votes in the computer, the proxies would not be required to vote again.

4. The Company used the barcode system, and appointed The Legists Group as the Company's legal advisor to examine the vote casting to ensure the transparency and compliance with the laws and the Articles of Association of the Company. Additionally, two representatives of the shareholders would be invited to witness the counting of votes. Mrs. Kiranatsorn Rojanapradit and Mrs. Praphai Tengnukulkit, the shareholders' representatives, volunteered to witness the counting of votes in association with the legal advisor.

5. Shareholders wishing to make inquiries or request the Board of Directors or the Management to make further clarification on any issues shall inform their full names for the record in the Minutes of Meeting and make inquiries at the end of the presentation of each respective agenda item or upon completion of the consideration of all agenda items.

The Company Secretary then introduced the Board of Directors, executives, auditor, and legal advisor as follows:

7. Responsibilities for Business Operations, Society and Environment

The Company conducted construction and management of the projects with its commitment to social safety and eco-friendly business by implementing each project under various proper measures to take care of the society and environment to the best of its ability by providing for security system and pre-use inspection of machinery, water quality inspection, construction site clean-up; and in the previous year, the Company participated in the “One Transport Free of PM 2.5 Dust” project initiated by the Ministry of Transport, by cleaning up roads with sweeper cars, vacuuming dust, spraying water into the air within areas of the construction sites, covering construction materials piles and soil-carrying trucks running out of the construction sites and not turning on vehicles when parked in the construction sites. Furthermore, the Company installed sound level measuring machine and installed vibration measuring machine, to ensure that they did not

exceed standard levels, including traffic management and taking care of the communities affected by construction, etc.

Moreover, the Company realized the significance of and continued the corporate social and environment responsibility activities (CSR), both inside and outside the organization, for example:

- “Every Drop Is Life, CH. Karnchang Gives Birth to New Life”
- “Literature for Childhood Life Development”
- Participation in the “Thai Cave Rescue of 13 Lives Trapped in Tham Luang - Khun Nam Nang Non Forest Park”
- “Shred2Share”
- Sponsoring various activities, etc.

With respect to anti-corruption policy, the Company always operated its business by adhering to integrity and ethics and opposition to corruption and bribery of any kinds. The Company was committed to professionalism and fair dealings in its business operations, and adhered to justice, while supporting and encouraging personnel at all levels to have anti-corruption and fraud consciousness. The Company clearly formulated the anti-corruption policy, measures and practical guidelines, which were part of the Company’s corporate governance policy, as disclosed in the Annual Report and the website of the Company. Moreover, the Company did communicate and provide training to its staff in relation to the anti-corruption policy and practices, as well as monitoring to ensure all staff’s compliance with such policy and the Board of Directors’ review of such policy at least once a year.

In this regard, the Board of Directors authorized the management to follow up, participate in studies on practical guidelines for the signing to manifest the intention not to involve with any corruption by means of participation in the Thailand’s Private Sector Collective Action Coalition against Corruption, which had a lot of applicable details. Moreover, it was in the process of discussion with the Thai Contractors Association and companies in the construction industry to ensure the appropriateness to participate in the signing of manifestation of their intention in favor of the Thailand’s Private Sector Collective Action Coalition against Corruption together with Company.

The Chairman allowed shareholders to make inquiries and provide opinions.

Mr. Chatree Charoennueang, shareholders, thanked the Board of Directors, the Management and all concerned parties for their concerted efforts to carry out management until it could make profit for the Company, as well as making us confident in continuously holding the Company’s shares; and hoped that the Company would have such satisfying operational results in the long run and would be able to report on the operational results in detail as the President did to the shareholders’ meeting.

The Chairman allowed shareholders to make inquiries and provide opinions.

Mr. Samchai Chaithip-art, shareholder, thanked the Board of Directors, the Management and all concerned parties for their concerted management until the Company had the good operational results, as a result, all shares of companies in CH. Karnchang Group were of quality at a very good price; and inquired which shares should be invested to offer the best returns if an investment fund was not high.

He also suggested that the Company should give the top priority to quality and security in carrying out the operations since the Company's construction projects were the large-scale major projects and each of the projects was of high value, for example, the Xayaburi Hydroelectric Power Project in the Lao People's Democratic Republic, where either accident or loss should not happen due to carelessness or failure to meet construction standards, like, according to the news report, the dam collapse in the Lao People's Democratic Republic, etc.; and that the Company should carry out the operations with community, social and environmental responsibility as the Company always did but it should be more disseminated to the public for acknowledgement.

Dr. Supamas Trivisvavet, the President, clarified that according to the shareholder's enquiry as to which shares of CH. Karnchang Group should be invested in, if the shareholders did not have many investment fund, in response to such enquiry, all shares in CH. Karnchang Group were considered good, but most importantly, it depended on each individual shareholder's requirement, that was, if the shareholder desired to hold shares offering good dividend, shares of TTW Public Company Limited (TTW) would be recommended as its dividend payment was continuously made at good rate of 5 percent; if the shareholders desired to purchase shares with potential growth, shares of Bangkok Expressway and Metro Public Company Limited (BEM) and of CK Power Public Company Limited (CKP) would be then recommended, because they would have new many projects. CH. Karnchang held shares in all companies in its group, with the Management paying attention to take care of all companies; therefore, all shares in CH. Karnchang Group were growing, with good returns and strength.

As for the suggestion provided by the shareholder that the Company should give priority to the quality in order to avoid any such incident like the dam collapse in the Lao People's Democratic Republic according to the news report, the President clarified that such collapsed dam was not the Xayaburi Hydroelectric Power Project but it was the Xe-Pian Xe-Namnoy hydropower project which was not invested by CH. Karnchang Group and was not constructed by CH. Karnchang, on the other hand, it was owned by a foreign company whose shares were held by a Thai company. CH. Karnchang Group did not hold any share in such project. With regard to the Xayaburi Hydroelectric Power Project, its construction had met the good standards and the best quality. Such construction was not only for the Xayaburi Hydroelectric Power Project, but also for all projects of CH. Karnchang Group. This could be absolutely proved that our construction would be of good quality, completed according to schedule or ahead of schedule, without any concerning problem.

In respect of the security suggested by the shareholder, the Company became well aware that the security was a matter of importance for all construction companies, which the Company always gave the top priority to the security. With good fortune and stringent supervision of all executives in the field of

construction, the Company then never encountered a security issue arising from any accident which would materially impact on the people or field staff. Nevertheless, the Company would continue strictly prioritizing the security.

Regarding the operations with community, social and environmental responsibility, the Company regularly cared for them and would try to make it more publicly known about the Company's good projects. Should any CSR activities be held, and if possible, the Company would invite shareholders to join such activities.

Mr. Athorn Atsawachinthepkul, shareholder, inquired whether or not it would be possible for the Company to consider paying more dividend in 2019 since the Company had many major construction projects of high value; and whether or not there was any construction project of the Company, including companies in CH. Karnchang Group, which had a problem or any other concerns relating to construction or sustained loss.

Dr. Supamas Trivisvavet, the President, clarified that regarding the dividend payment, it must be mutually considered by the Board of Directors; however, it also depended on the Company's operational results, that was, if the Company earned good revenue and more profit, the Company would be then able to pay more dividend.

With regard to implementation of the construction projects of the Company, including companies in CH. Karnchang Group, all the projects constructed by the Company were mega and sophisticated projects. According to the information presented to the shareholders that all of our projects went according to plan, thanks to all work teams of the Company, comprising the executives in the fields of engineering, construction, accounting and finance, business development, and all of any other fields, which worked together in unity to handle and tackle any problems arisen in each step with success, for instance, the Xayaburi Hydroelectric Power Project in the Lao People's Democratic Republic (the Lao PDR). This project was extremely difficult to be constructed and was the first large-scale hydroelectric project located on the south Mekong River mainstream; therefore, each and every step of construction was subject to stringent monitoring and supervision, with representative advisors from the Lao PDR and other countries helping monitoring to see if all operations carried out by the Company met quality and complied with the specified procedures; all crews of CH. Karnchang helped settle the arising problems every day. In the initial period, there were concerns about impact, whether it be sediment, fish passage or water management in several issues, which the Company had to cope with such concerning problems and invested in design of the power system for the optimum performance, until eventually, relevant agencies no longer questioned or opposed the Company or even prevented the Company from carrying out the construction. After getting through such challenging points, the Company had also faced a lot of issues relating to construction techniques, which our work teams on duty had to use the great skills and exerted every effort in problem-solving and decision-making in every step. With the confidence that the Company had good management and had teamwork so the current and future problems could be smoothly settled, and rest assured that the Company would produce only positive returns from now on.

Mr. Ritthichai Yibcharoenporn, shareholder, inquired as follows: 2019 was the good period of time for investment in infrastructure projects of Thailand, with a great amount of investment funds and many construction projects into the system, which would result in a decrease in construction projects in the future, namely, there were not many like nowadays, whether or not the Company had a future plan to handle this situation and whether or not the Company would have a chance to seek for marketing opportunities in our neighboring countries, such as, Cambodia, the Lao PDR, Myanmar, Vietnam, etc.; and whether or not the Company did study on investment channels or assessed to invest in such countries; what possibility for growth of the Company in such countries would be; and to what extent it would be a worth investment.

Dr. Supamas Trivisvavet, the President, clarified that in respect of plan to invest in the construction industry market in our neighboring countries, the Board of Directors and the Management mutually assessed that the domestic construction industry market in the next 5-10 years would have a great number of large-scale government projects, including various line extension projects, double dual track projects linking the vicinities, or airport development and expansion projects, etc., not to mention many construction and development projects waiting to enter the construction industry market of Thailand during the next 5 - 10 years, and the Company was of the opinion that the Company's key market was absolutely Thai market, because of lower risks than the neighboring countries' markets. The Company comprehended how to work, had ability to seek better materials sources, and became well familiar with the operational systems.

Nevertheless, the Company also had overseas investment plan. Over the past 10 years, companies in CH. Karnchang Group, for instance, CK Power Public Company Limited (CKP), sought the opportunities and opened the market in the Lao PDR. Currently, the Nam Ngum 2 Hydroelectric Power Project was completed and being operated for over six years. In addition, there was the Xayaburi Hydroelectric Power Project which would be completed within this year. In respect of new power projects, CKP was in the negotiation process, which was expected that it would be likely to reach a conclusion shortly. In addition, it was another key construction project of CH. Karnchang which would be made with the Lao PDR. The Company was confident that CH. Karnchang Group had experience and good operational results which were qualified to accept more engagement in the Lao PDR, which would increase the opportunity to develop many power plant projects which were regarded as the main goal of CH. Karnchang.

In terms of other countries, the Company was currently doing research on Myanmar and opined that it was a country which provided us high opportunities since it had a population of 60 – 70 million persons, it was a large country and had infrastructure demand in every aspects, which could not compare with that in Thailand, whether it be roads, airports, expressways, electric trains, power plants or tap water, which CH. Karnchang and companies in CH. Karnchang Group had potential in business operations of construction, investment and development of infrastructure. At present, the Company and Bangkok Expressway and Metro Public Company Limited jointly conducted the feasibility study of the expressway construction project linking between Yangon and the Airport.

Despite the fact that the Company would study many projects overseas, the Company did not enter to make investment at once for the Company gave priority to risk management, namely, access to construction must be subject to the Company's prior consideration as to project owner, payment method, currency payment, payment amount, the Company's ability to bear risk on exchange rate from receipt of service fee, and the extent of risk from the project owner's failure to make payment, all of which the Company would have to consider carefully and meticulously. Moreover, if the Company must make overseas investment, there would be more risks the Company must consider and manage, because the Company must take its investment fund aboard, and above all, if in case of concession agreement, the Company must recognize the law system of such destination country, for instance, as to whether or not such country would be able to later expropriate the concession from the Company; how many investment funds should be; how long such investment would produce financial returns; whether or not it was worth in terms of investment and business. The Company must give high priority to these matters.

Based on the foregoing, the construction industry market of Thailand during the next 5 -10 years continued to have numerous infrastructure construction and development projects, the Company thus chose to give the first priority to the domestic projects and market. As for the foreign projects, if, after the Company's careful and thorough consideration, the Company opined that the Company was able to bear and manage the risks, the Company would further proceed or invest overseas.

No shareholders made any further inquiries or provided any further opinions, the Chairman then informed that Meeting that no voting was required for this agenda item which represented a report on the operational results to the Meeting for acknowledgement.

The Meeting acknowledged the Company's operational results for 2018.

Item 3 Consideration and Approval of the Statement of Financial Position and the Statement of Comprehensive Income for the Year Ended December 31, 2018

The Chairman requested Dr. Supamas Trivisvavet, the President, to clarify the details of this matter to the Meeting.

The President clarified to the Meeting that by Article 44 of the Articles of Association, the Board of Directors shall submit a balance sheet and profit and loss account as at the end of the fiscal year of the Company, which have been audited by the auditor, to the annual ordinary general meeting of shareholders for consideration and approval. In addition, by Article 45 of the Articles of Association, the Board of Directors shall send the copies of the balance sheet and profit and loss account which have been audited by the auditor, and the report of the auditor, to the shareholders, together with the notice of the annual ordinary general meeting of shareholders.

The Board of Directors' Meeting No. 1/2019, which was held on February 28, 2019, resolved to propose this matter to the 2019 Annual Ordinary General Meeting of Shareholders for consideration

and approval of the statement of financial position and the statement of comprehensive income for the year ended December 31, 2018 which had been reviewed by the Audit Committee and the Board of Directors and audited by the auditor, as per the details in the Annual Report, as delivered to all shareholders in advance, together with the Notice of the Meeting.

The Chairman allowed shareholders to make inquiries and provide opinions.

Mr. Ritthichai Yibcharoenporn, shareholder, inquired as follows: more than 70 percent of the current projects accepted and operated by the Company were rail system construction projects, why the Company had a few of road and building construction projects; and how many gross profit margin each project by category had.

Dr. Supamas Trivisvavet, the President, clarified that the competition rate of the rail system construction project was less than that of other construction projects, for example, motorway project, which there would be approximately 10 - 20 companies which had potential in such field, and then, there would be more competition. Or in case of building construction project, whether middle or small contractors had potential to do so, there would then have high competition as well. As a result, a gross profit margin would be lower accordingly. On the contrary, in terms of large-scale infrastructure project like electric train projects, in particular metro system construction to which the Company gave the top priority, because there was less competition than that of other construction projects. If it was an elevated system construction project, there would presently have 4 - 5 competitors which had potential to carry out construction of this nature, which would provide us more chance to win bid than the road or building construction project, and consequently, the profit was at good rate. If in case of underground construction project, for which drilling technology, risk management, sophisticated project management, considerable skills must be required, there was little competition, which at present, Thailand had only 2 – 3 contractors which had enough potential in carrying out construction in such field. Therefore, the Company did not face high competition; therefore, the gross profit margin was improved. Currently, the Company's target gross profit margin in total was approximately 8 percent which was at reasonable rate. In answer to the question of some shareholders as to why it did not reach 20 percent, as the projects currently constructed by the Company were mega projects of the government sector, if the Company expected the gross profit margin in the amount of approximately 10 - 20 percent, it would be impossible to win the bid, and the government sector set the common price which was somewhat tight. For that reason, it was hard for the Company to expect the gross profit margin at 10 - 20 percent in the construction business nowadays. However, the gross profit margin for such project which the Company was able to achieve was likely to be approximately 8 percent; and that for some difficult projects, it would be approximately 10 percent. The Company considered it justifiable and reasonable for the Company's business operations.

Meanwhile, the net profit was at approximately 3-5 percent, the Company considered it justifiable for the construction business as well. If compared to that of other competitors or other sectors in the same industry, it found that it was at comparable rate, but on the part of the Company, the Company's financial cost was continuously managed, as a result, this year, the Company's credit rating was then upgraded to A. In the future, if the Company would issue its debentures, the Company's financial cost would be lower; and its financial expenses would be better managed, which would help support the net profit.

Mr. Ritthichai Yibcharoenporn, shareholder, inquired whether or not the Company was able to clarify the gross profit margin of each construction project by category; and requested the Company to summarize profit sharing and benefits from investment in BEM, CKP and TTW.

Dr. Supamas Trivisvavet, the President, clarified that figures of the gross profit margin of each project could not be clarified by category, except for the total average figures of all projects of the Company. In respect of investment, share of profit from investment in associated companies, it was differently recorded in accounting terms, due to the fact that the Company held shares in BEM and CKP exceeding 20

percent, which was in a manner of associated company, but the Company held shares in TTW lower than 20 percent; such share of profit was otherwise recorded in accounting terms. It must not be included for calculation.

Last year, the share of profit from associated companies was at quite high rate, due to change in accounting record method of CKP shares held by BEM, which BEM sold such shares and treated it as profit in respect of sale of CKP shares. The difference in accounting record resulted in an increase in profit, which was reflected in the Company's financial statements in the amount of approximately Baht 600 Million. This was a rare occasion. Generally, the Company expected that there was share of profit and dividend of companies in CH. Karnchang Group in the amount of approximately Baht 1,000 Million.

Mr. Wasan Phongphutthamon, shareholder, inquired why trade receivables and other receivables significantly increased, according to the financial statements in the Annual Report, page 168, Statement of Financial Position.

Dr. Supamas Trivisvavet, the President, clarified that the reason why the trade receivables and other receivable significantly increased was due to the fact that in the previous year, the MRT Orange Line Project considerably progressed. They were able to be settled within 30-65 days as normal. Such liabilities would be gradually collected, including interest receivables in a certain amount.

Mr. Wasan Phongphutthamon, shareholder, inquired why revenues from construction services under the separate financial statements well grew but under the consolidated financial statements, it reasonably declined when compared to that in the previous year.

Dr. Supamas Trivisvavet, the President, clarified that a decrease in revenues from construction services was due to the fact that the large-scale project, i.e., the Xayaburi Hydroelectric Power Project, was almost completed, the Company then recognized revenues from construction services which decreased. When it was nearly finished, there remained fewer work, therefore, there was recognition of less revenues. In this case, such revenues would be recorded according to completed work.

Mr. Wasan Phongphutthamon, shareholder, inquired about a source of recognized income, due to share of other comprehensive income from associates in 2017 amounting to approximately Baht 98 Million but in 2018, it amounted to approximately 396 Million.

Dr. Supamas Trivisvavet, the President, clarified that revenue from the share of other comprehensive income from associated companies was from the operational results of companies in CH. Karnchang Group, each of which had its own improved operational results. In respect of BEM and CKP, the Company recognized revenue from an increase in share of profit, which in the previous year, CKP's improved operational results were from a great number of reservoir inflow of the Nam Ngum 2 Project, as a result, the Company as its parent company recognized CKP's revenue which increased accordingly; and partially resulting

from BEM's sale of CKP shares and reclassification of revenue, the Company then recognized profit from BEM's sale of CKP shares, which was reclassified to CH. Karnchang's profit in the amount of approximately Baht 600 Million, which it happened last year. Likewise, the increase in the share of other comprehensive income from associated companies in 2018 was mainly due to the reclassification of investment in CKP, as held by BEM.

No shareholders made any further inquiries or provided any further opinions, the Chairman then requested the Meeting to consider this matter.

The Meeting considered and voted on this matter. The Company Secretary then announced the voting results as follows:

951,152,994 votes attending the Meeting in this agenda item as follows:

950,472,747 favorable votes, representing 99.9999 percent

35 unfavorable votes, representing 0.0000 percent

680,212 abstaining votes

0 vote of voided card

Having considered the statement of financial position and the statement of comprehensive income for the year ended December 31, 2018, the Meeting resolved, by a majority vote of the shareholders attending the Meeting and casting their votes, to approve the statement of financial position and the statement of comprehensive income for the year ended December 31, 2018, which had been reviewed by the Audit Committee and the Board of Directors, and audited by the auditor.

Item 4 Consideration and Approval of the Allocation of Profit

The Chairman requested Dr. Supamas Trivisvavet, the President, to clarify the details of this matter to the Meeting.

Dr. Supamas Trivisvavet, the President, clarified to the Meeting that under Article 51 of the Articles of Association, the payment of dividends from money other than profit would not be allowed. In the case where the Company still had accumulated losses, payment of dividends would be prohibited. The payment of dividends would require the approval of a shareholders' meeting. The Board of Directors may pay interim dividends to the shareholders from time to time when the Board of Directors would find that the Company had sufficient profit and a report thereof would be made to the next shareholders' meeting. Under Article 52 of the Articles of Association, the Company must appropriate to a reserve fund, from the annual net profit at least 5 percent of the annual net profit less the total accumulated loss brought forward (if any) until the reserve fund would reach an amount not less than 10 percent or more of the registered capital of the Company. In so doing, the Board of Directors shall render an opinion in connection therewith to be presented for approval by the shareholders' meeting.

The Board of Directors' Meeting No. 4/2018, which was held on August 14, 2018, considered that the Company had profit sufficient to make interim dividend payment, thereby passing the resolution to approve the interim dividend payment for the first half of 2018 at the rate of Baht 0.20 per share, which was paid on September 10, 2018.

In 2018, the Company had the unallocated accumulated profit as follows:

	(Baht)
Unallocated accumulated profit (loss) brought forward - opening balance	7,775,177,779
Net profit (loss) for 2018	625,297,012
Actuarial loss - net of income tax	-
Accumulated profit (loss) prior to allocation	8,400,474,791
Allocation of profit	
- as legal reserve	-
- dividend payable	(761,994,506)
Unallocated accumulated profit (loss) carried forward - closing balance	7,638,480,285

The Company had a policy to pay dividend at the rate of not less than 40 percent of net profit by taking into account the operational results, financial structure, investment and continuity of dividend payment to the shareholders.

Comparison of Dividend Payment	2018	2017	2016
1. Net profit (loss) (Baht)	625,297,012	530,547,996	897,406,473
2. Number of shares (shares)	1,693,896,872	1,693,896,872	1,693,896,872
3. Dividend per share (Baht)	0.50	0.50	0.50
4. Dividend payable (Baht)	846,948,436	846,948,436	846,948,436

Having considered the financial statements of the Company, the Board of Directors' Meeting No. 1/2019 on February 28, 2019 was of the opinion that in 2018, the Company had profit and thus deemed it appropriate to propose that the Ordinary General Meeting of Shareholders grant approval to the allocation of profit and the dividend payment for the second half of 2018 at the rate of Baht 0.30 per share, totaling Baht 508,169,061.60, provided that such dividend would be paid out of the Company's net profit and accumulated profit. Upon combination with the interim dividend payment for the first half of 2018 at the rate of Baht 0.20 per share, the dividend for 2018 would then be at the rate of Baht 0.50 per share, totaling not exceeding Baht 846,948,436, representing not less than 40 percent of net profit under the Company's separate financial statements only, which was in accordance with the specified policy on dividend payment. The record date for the right to receive dividend for the second half of 2018 was scheduled to be May 9, 2019 (XD would be posted on May 8, 2019), whereby the dividend payment for the second half of 2018 was scheduled to be

made on May 24, 2019 in case the 2019 Annual Ordinary General Meeting of Shareholders approved the dividend payment.

Remark: Dividend for the second half of 2018 at the rate of Baht 0.30 per share in the amount of Baht 508,169,061.60, paid out of profit subject to corporate income tax at the rate of 30 percent, in respect of which, individual shareholder would be entitled to dividend tax credit pursuant to Section 47 bis of the Revenue Code.

The Chairman allowed shareholders to make inquiries and provide opinions.

Mr. Chatree Charoennueang, shareholder, thanked all concerned parties of the Company for provision of the comparison information and clarification in detail on dividend payment over the past three years, which was a great information for the shareholders, and also thanked the Company for the dividend payment from the profit subject to 30 percent corporate income tax, as such, the shareholders obtained dividend on this occasion at the price of more than Baht 0.30, and hoped that in the following years, the Company would make dividend payment from profit subject to corporate income tax at the rates of 30, 25, 23 which remained, whereby such payment should be made in full for the optimal benefit of shareholders.

No shareholders made any further inquiries or provided any further opinions, the Chairman then requested the Meeting to consider this matter.

The Meeting considered and voted on this matter. The Company Secretary then announced the voting results as follows:

951,162,134 votes attending the Meeting in this agenda item as follows:

951,138,112 favorable votes, representing 99.9990 percent

9,135 unfavorable votes, representing 0.0009 percent

14,887 abstaining votes

0 vote of voided card

Having considered the matter, the Meeting resolved, by a majority vote of the shareholders attending the Meeting and casting their votes, to approve the allocation of profit and the dividend payment for the second half of 2018 at the rate of Baht 0.30 per share, totaling Baht 508,169,061.60, provided that such dividend would be paid out of the Company's net profit and accumulated profit. Upon combination with the interim dividend payment for the first half of 2018 at the rate of Baht 0.20 per share, the dividend for 2018 would then be at the rate of Baht 0.50 per share, totaling not exceeding Baht 846,948,436, and the payment was scheduled to be made on May 24, 2019.

Item 5 Consideration of the Election of Directors to Replace Those Due to Retire by Rotation

Prior to proceeding with this agenda item, the Chairman requested Mr. Thawansak Sukhawun, Member of the Nomination and Remuneration Committee, to conduct the Meeting.

Mr. Thawansak Sukhawun, Member of the Nomination and Remuneration Committee, clarified to the Meeting that to comply with the Good Corporate Governance Principles, directors who were due to retire by rotation in the 2019 Annual Ordinary General Meeting of Shareholders, namely, Mr. Vitoon Tejatussanasoontorn, Mr. Pavich Tongroach, Mr. Plew Trivisvavet, and Mr. Narong Sangsuriya, were requested to leave the Meeting room, since they were related persons.

According to Article 19 of the Articles of Association, one third or the closest number to one third of the directors shall vacate their office at every annual ordinary general meeting. The directors to retire during the first and second years following the registration of the Company shall be drawn by lots. In each subsequent year, the directors who have been in office for the longest term shall retire. A retiring director is eligible for re-election.

Therefore, four directors who were due to retire by rotation in the 2019 Annual Ordinary General Meeting of Shareholders would be as follows:

- | | | |
|----|--------------------------------|------------------------|
| 1. | Mr. Vitoon Tejatussanasoontorn | (Independent Director) |
| 2. | Mr. Pavich Tongroach | (Independent Director) |
| 3. | Mr. Plew Trivisvavet | (Executive Director) |
| 4. | Mr. Narong Sangsuriya | (Executive Director) |

Nomination Rules and Procedures

The Nomination and Remuneration Committee considers nominating persons for appointment as directors in replacement of those vacating office by resignation prior to expiry of the term of office and those due to retire by rotation under the rules as follows:

1. Those who are qualified under the Public Limited Companies Act, the Securities and Exchange Act, rules of the Securities and Exchange Commission and rules of the Stock Exchange of Thailand.
2. Those who have knowledge, capability and experience in various professional fields beneficial to the Company's business operations.
3. Those with qualifications in support of the operations pertaining to corporate governance to create value for the Company, e.g., independence, expression of opinions, creativity, performance of duties with responsibility, due care, integrity and full time contribution, etc.
4. In case of directors due to retire by rotation, their previous performance as directors with due care, integrity and full time contribution will also be taken into account.
5. In nominating directors, the required qualifications will be considered, taking into account the necessary skills for the Board and qualifications in line with the Company's business strategies.

In this connection, the Nomination and Remuneration Committee nominates such qualified persons to the Board of Directors for consideration and further submission to the Meeting of Shareholders for election as the Company's directors.

Given the fact that the Company allowed the shareholders to exercise their rights to nominate qualified persons for consideration and appointment as directors in advance during September 3, 2018 until December 31, 2018, as reported to the Stock Exchange of Thailand, and disclosed the criteria and conditions for exercise of such rights on www.ch-karnchang.co.th, no shareholders nominated any persons for consideration by the Nomination and Remuneration Committee.

The Nomination and Remuneration Committee's Meeting No. 1/2019 on February 28, 2019 considered the matter and therefore deemed it appropriate to propose that such four directors should be re-elected as directors for another term since they had knowledge, capability and experience beneficial to the Company's business operations, perform the duties as directors with due care, integrity and full time contribution for the Company, played active role in laying down various policies on the Company's business operations, as well as providing opinions and suggestions valuable to the management.

The Board of Directors' Meeting No. 1/2019 on February 28, 2019, except those directors nominated on this occasion, considered the matter and therefore deemed it appropriate to propose that the 2019 Annual Ordinary General Meeting of Shareholders consider electing such four persons as listed above as directors for another term. In this regard, the persons nominated on this occasion had been screened by the Board of Directors that they possessed the qualifications suitable for the Company's business operations, and the person nominated as an independent director would be able to independently provide opinions in accordance with the relevant rules.

The Member of the Nomination and Remuneration Committee requested Mr. Nattavut Trivisvavet, Company Secretary, to clarify the details to the Meeting.

The Company Secretary clarified to the Meeting that the Board of Directors prepared and distributed profiles of such four nominated directors to the shareholders as per Attachment 4 in the Notice of the Meeting, and to comply with the Good Corporate Governance Principles, the shareholders were thus requested to vote on election of directors on an individual basis according to the rules and procedures under Article 16 of the Articles of Association, as follows:

- (1) One shareholder shall have one vote for every one share held by that shareholder.
- (2) In the election of directors, each shareholder shall exercise all of his or her votes to elect all directors to be elected on such occasion, or in case the Shareholders' Meeting deems it appropriate, the directors may be voted on an individual basis. In this regard, in casting votes, whether in the election of directors on an individual basis or the election of all directors, each person voted by a shareholder shall receive

votes from the shareholder as per the number of all shares held by such shareholder under (1), provided that no shareholder can allot his or her votes to any person in any number.

(3) In case of the election of directors on an individual basis, persons receiving the highest votes would be elected to be directors, in descending order, to the number of directors to be elected on such occasion. If there is a tie for the last to be elected and this exceeds the said number of directors, the election shall be drawn by lots.

As for the agenda item for director election, the officers would collect the voting cards from all shareholders so as to check all votes of agreement, disagreement and abstention, and to conclude the results of the director election on an individual basis, except for proxies who would not be required to vote again.

The Chairman allowed shareholders to make inquiries and provide opinions.

No shareholders made any further inquiries or provided any further opinions, the Chairman then requested the Meeting to consider this matter and vote on an individual basis, and invited such directors who were due to retire by rotation in the 2019 Annual Ordinary General Meeting of Shareholders to return to attend the Meeting, and requested the Chairman to proceed with the Meeting.

The Meeting considered and voted on this matter. The Company Secretary then announced the voting results on an individual basis as follows:

1. Mr. Vitoon Tejatussanasoontorn

951,179,874 votes attending the Meeting in this agenda item as follows:

842,290,667 favorable votes, representing 88.5717 percent

108,678,770 unfavorable votes, representing 11.4282 percent

210,437 abstaining votes

0 vote of voided card

2. Mr. Pavich Tongroach

951,179,874 votes attending the Meeting in this agenda item as follows:

844,408,645 favorable votes, representing 88.7767 percent

106,751,042 unfavorable votes, representing 11.2232 percent

20,187 abstaining votes

0 vote of voided card

3. Mr. Plew Trivisvavet

951,179,874 votes attending the Meeting in this agenda item as follows:

889,905,417 favorable votes, representing 94.9203 percent

47,622,773 unfavorable votes, representing 5.0796 percent

13,651,684 abstaining votes

0 vote of voided card

4. Mr. Narong Sangsuriya

951,179,874 votes attending the Meeting in this agenda item as follows:

902,991,304 favorable votes, representing 94.9904 percent

47,621,883 unfavorable votes, representing 5.0095 percent

566,687 abstaining votes

0 vote of voided card

Having considered the matter, the Meeting resolved, by a majority vote of the shareholders attending the Meeting and casting their votes, to approve the appointment of the directors retiring by rotation, namely, Mr. Vitoon Tejatussanasoontorn, Mr. Pavich Tongroach, Mr. Plew Trivisvavet, and Mr. Narong Sangsuriya, to return to their office as directors for another term.

Item 6 Consideration and Determination of Remuneration for Directors

The Chairman requested Mr. Vitoon Tejatussanasoontorn, Chairman of the Nomination and Remuneration Committee, to clarify this matter to the Meeting.

Mr. Vitoon Tejatussanasoontorn, Chairman of the Nomination and Remuneration Committee, clarified to the Meeting that by Article 17 of the Articles of Association, directors have the right to receive remuneration from the Company in the form of honorarium, meeting allowances, consideration, bonus or other benefits in other forms, in accordance with the Articles of Association or with the approval of the meeting of shareholders.

1) In the preceding year, the 2018 Annual Ordinary General Meeting of Shareholders approved the determination of remuneration for the Company's directors, namely, bonus for directors for 2017 shall be paid in the amount not exceeding Baht 11,000,000, and remuneration for directors for 2018 shall be paid in the amount not exceeding Baht 8,625,000.

2) The Nomination and Remuneration Committee's Meeting No. 1/2019 on February 28, 2019 determined the criteria for consideration of remuneration for the Company's directors suitable for each director's position, duties and responsibilities. Furthermore, the Nomination and Remuneration Committee considered the amount of work responsible in each position either as Chairman or members within each subcommittee of the Company by allocating the remuneration into two main categories as follows:

1. Bonus for directors: an annual honorarium for directors at an amount that is contingent on the Company's earnings performance and the directors' performance in the past year.
2. Remuneration for directors: an annual remuneration for performing the duty as directors, comprising:

2.1 Remuneration and office remuneration

Based on position, duties, and responsibilities as directors and members of subcommittees in which the remuneration amount was in accordance to the period of time served in that position, and was determined to be the fixed amount per year, and to be paid semiannually.

2.2 Meeting allowances

Based on the members' attendance in the Board of Directors' Meetings or subcommittees' meetings in which the amount was determined to be paid in every meeting.

3) As for the bonus for directors for 2018 and remuneration for directors for 2019, the Board of Directors' Meeting No. 1/2019 on February 28, 2019 resolved to present to the 2019 Annual Ordinary General Meeting of Shareholders the remuneration rate of directors, for approval as proposed by the Nomination and Remuneration Committee, as follows:

(1) Bonus for directors for 2018 in the amount not exceeding Baht 11,000,000, based on position, duties, and responsibilities, as follows:

Position	Number of Person(s)	Amount (Baht)
1. Chairman of the Board of Directors	1	1,270,124
2. Chairman of the Executive Board	1	1,270,124
3. Chairman of the Audit Committee	1	1,270,124
4. Directors and Executive Directors	5	5,285,730
5. Directors and Audit Committee Members	2	1,903,896
Total	10	10,999,998

(2) Remuneration for directors for 2019 in the amount not exceeding Baht 8,625,000, as follows:

1. Remuneration and Office Remuneration

1.1 Remuneration for Directors

Remuneration for Directors Baht 200,000 per year per person

Remuneration for Audit Committee Members Baht 200,000 per year per person

Remuneration for Executive Directors Baht 100,000 per year per person

1.2 Office Remuneration

Chairman of the Board of Directors	Baht 550,000	per year
Chairman of the Executive Board	Baht 300,000	per year
Chairman of the Audit Committee	Baht 200,000	per year
Chairman of the Nomination and Remuneration Committee	Baht 100,000	per year
Chairman of the Corporate Governance and Risk Management Committee	Baht 100,000	per year
Chairman of the Corporate Social and Environmental Responsibility Committee	Baht 100,000	per year

2. Meeting allowances shall be paid based on the number of attendances to the Board of Directors' Meetings or subcommittees' meetings. The meeting allowances for the Board of Directors' Meeting and the Executive Board's Meeting shall be Baht 20,000 per meeting per person; and Baht 10,000 per meeting per person for all subcommittees.

In this regard, the Company did not give any other benefits to directors than such remuneration.

In this agenda item on consideration of remuneration for directors, there were four directors, holding in aggregate 16,000,247 shares in the Company and having interest in this agenda item, thereby having no voting right in this agenda item, namely, Mr. Plew Trivisvavet, Mr. Vitoon Tejatussanasoontorn, Dr. Supamas Trivisvavet, and Mr. Narong Sangsuriya.

The Chairman allowed shareholders to make inquiries and provide opinions.

No shareholders made any inquiries or provided any opinions, the Chairman then requested the Meeting to consider this matter.

The Meeting considered and voted on this matter. The Company Secretary then announced the voting results as follows:

951,179,875 votes attending the Meeting in this agenda item as follows:

933,093,411	favorable votes, representing 98.0985 percent
2,064,963	unfavorable votes, representing 0.2170 percent
21,254	abstaining votes, representing 0.0022 percent
16,000,247	votes without the voting right, representing 1.6821 percent
0	vote of voided card, representing 0.0000 percent

Having considered the matter, the Meeting resolved, by not less than two-thirds (2/3) of the total votes of the shareholders attending the Meeting, to approve the remuneration for directors as proposed by the Nomination and Remuneration Committee, namely,

1. Bonus for directors for 2018 in the amount not exceeding Baht 11,000,000; and

2. Remuneration for directors for 2019 in the amount not exceeding Baht 8,625,000.

Item 7 Consideration and Appointment of Auditor and Determination of Remuneration for 2019

The Chairman requested Mr. Vitoon Tejatussanasoontorn, Chairman of the Audit Committee, to clarify to the Meeting the details of the appointment of the auditor and determination of remuneration.

Mr. Vitoon Tejatussanasoontorn, Chairman of the Audit Committee, clarified to the Meeting that Articles 47 and 48 of the Articles of Association stipulate that the auditor shall be appointed and remuneration shall be determined at every annual ordinary general meeting of shareholders, and the Notification of the Stock Exchange of Thailand stipulates that the Audit Committee shall have the duty to consider selecting and nominating independent persons to perform duty as the Company's auditor and propose remuneration for the Company's auditor.

In 2018, the Ordinary General Meeting of Shareholders resolved to appoint either Miss Siraporn Ouuanunkun or Mr. Chatchai Kasemsrithanawat or Miss Chonlaros Suntiasvaraporn of EY Office Limited as the Company's auditor, with the remuneration not exceeding Baht 3,588,000.

Clause 7 (4) of the Notification of the Stock Exchange of Thailand Re: Qualifications and Scope of Works of the Audit Committee B.E. 2008 specifies that the Audit Committee shall have the duty to consider, select and nominate an independent person to be the Company's auditor, and to propose remuneration of the Company's auditor.

The Audit Committee, in its Meeting No. 1/2019 on February 28, 2019, considered the proposal for provision of audit services of the existing auditor, namely, EY Office Limited, and also considered the reliability, independence, knowledge and experience in auditing, provision of advice on accounting standards, as well as timely certification of the financial statements. Therefore, it was deemed appropriate to propose that the Board of Directors consider proposing this matter to the 2019 Annual Ordinary General Meeting of Shareholders to appoint the auditor and determine remuneration for 2019.

The Board of Directors' Meeting No. 1/2019 on February 28, 2019 resolved to propose that the 2019 Annual Ordinary General Meeting of Shareholders consider appointing the auditor and fix the remuneration as proposed by the Audit Committee, as follows:

- 1) Appoint the auditors of EY Office Limited as listed below as the Company's auditor, namely, either:

	<u>Name</u>	<u>License No.</u>	<u>Years of Audit Service for the Company</u>
1.	Miss Siraporn Ouuanunkun	3844	2 years (2016-2017)
2.	Mr. Chatchai Kasemsrithanawat	5813	1 year (2018)
3.	Miss Chonlaros Suntiasvaraporn	4523	-

Either of the auditors shall be authorized to conduct the audit and sign for certification of the Company's financial statements for 2019.

Additionally, the auditors as named above shall also serve as the subsidiaries' auditor. Furthermore, the auditors as per the proposed list have neither relationship nor interest with the Company, subsidiaries, executives, major shareholders or any persons related to such persons.

2) Determine the remuneration in the total amount not exceeding Baht 3,733,000, comprising:

				<u>Unit: Baht</u>
	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>Increase from 2018</u>
1. Fee for auditing the annual financial statements	1,582,000	1,518,000	1,410,000	64,000
2. Fee for reviewing the financial statements for three quarters	2,151,000	2,070,000	2,040,000	81,000
Total	<u>3,733,000</u>	<u>3,588,000</u>	<u>3,450,000</u>	<u>145,000</u>

The remuneration increased from that of 2018 by Baht 145,000, representing 4.04 percent, due to increased audit expense resulting from additional work volume as a result of enforcement of certain new financial reporting standards and review of the Company's Annual Report. However, as compared to the average audit fee of other listed companies in the same industry, the Company's audit fee stayed at a similar level.

In the preceding accounting year, the Company and its subsidiaries did not incur any non-audit service fee of EY Office Limited or any businesses relating to the auditor and EY Office Limited.

The Chairman allowed shareholders to make inquiries and provide opinions.

No shareholders made any further inquiries or provided any further opinions, the Chairman then requested the Meeting to consider this matter.

The Meeting considered and voted on this matter. The Company Secretary then announced the voting results as follows:

951,203,417 votes attending the Meeting in this agenda item as follows:

951,122,585	favorable votes, representing 99.9981 percent
17,645	unfavorable votes, representing 0.0018 percent
63,187	abstaining votes
0	vote of voided card

Having considered the matter, the Meeting resolved, by a majority vote of the total votes of the shareholders attending the Meeting and casting their votes, to approve the appointment of either Miss Siraporn Ouuanunkun and/or Mr. Chatchai Kasemsrithanawat and/or Miss Chonlaros Suntiasvaraporn of EY Office Limited, as the auditor for 2019, with the remuneration not exceeding Baht 3,733,000 as proposed.

Item 8 Consideration and Approval of an Increase in the Amount Limit for Issuance and Offering of Debentures to be in an Outstanding Amount not Exceeding Baht 45,000 Million from the Existing Amount not Exceeding Baht 35,000 Million

The Chairman requested Dr. Supamas Trivisvavet, the President, to clarify to the Meeting the details regarding the increase in the amount limit for issuance and offering of debentures to the Meeting.

Miss Supamas Trivisvavet, the President, clarified to the Meeting that the Company needed to raise funds for accommodating the business expansion of the Company and for serving as source of capital for the Company's business operations and/or for debt repayment, the management deemed appropriate to increase the amount limit for issuance and offering of debentures to be an outstanding amount not exceeding Baht 45,000 Million from the existing amount not exceeding Baht 35,000 Million, as one option for such fund-raising, per the following details:

Purpose	:	To accommodate the Company's business expansion and to serve as source of capital for the Company's business operations and/or for debt repayment.
Issuer of debentures	:	CH. Karnchang Public Company Limited
Type of debentures	:	Debentures of all types, including secured and unsecured, and unsubordinated and subordinated debentures, and with or without a debenture holder representative, as appropriate to the market conditions at the time of offering for sale of the debentures.
Currency	:	Baht and/or equivalent in any other foreign currencies
Total value of debentures	:	The total amount and the outstanding value of the principal of the debentures shall not exceed Baht

45,000 Million and/or equivalent in any other foreign currencies, whereby the debentures would be issued and offered for sale in one or several series on a single or several occasions.

In case of early redemption or repurchase of the debentures or upon completion of the maturity date, the Company may issue and offer for sale new series of debentures, provided that, the total amount, upon combination between the principal of new series of the debentures and the outstanding principal of the existing debentures which have not yet been redeemed or repurchased or matured, shall not exceed Baht 45,000 Million and/or equivalent in any other foreign currencies.

Maturity	:	Depending on the market conditions at the time of each issuance and offering for sale of the debentures and other related factors.
Early redemption	:	The debenture holders may have or have no the right to request the Company to redeem the debentures prior to the maturity date and/or the Company may have or have no the right to redeem the debentures prior to the maturity date, and in any case, subject to the terms and conditions of the debentures to be issued on each occasion.
Interest rate	:	A rate to be specified must be appropriate depending on the market conditions at the time of each issuance and offering for sale of the debentures.
Offering	:	To be offered to general investors, namely, the offering may be made, in whole on one and/or several occasions, locally and/or internationally, by way of public offering and/or private placement and/or to high net worth investors and/or institutional investors and/or any persons and investors, pursuant to the notifications of the Capital Market Supervisory Board or the notifications of the Securities and Exchange Commission or the notifications of the Office of the Securities and Exchange Commission or pursuant to any other relevant notifications, ministerial regulations, rules, regulations and laws as

applicable at the time of issuance and offering for sale of the debentures. In this regard, the debentures may be issued and offered for sale to replace the previous debentures as issued and offered, as necessary when the Company needs to use the proceeds.

Debenture Registration : The Company may register the debentures with the Thai Bond Market Association or any other agencies as appropriate and in accordance with regulations specified in the relevant laws and notifications.

The Executive Board and/or the President and/or delegate(s) of the Executive Board and/or the President shall have the authority to set out the details of issuance and offering for sale of the debentures, for instance, debenture name, type, collateral, amount, maturity, par value, offering price, interest rate, redemption right, principal repayment installment, offering method, issuance and offering period, together with other relevant details, as the circumstances may allow, and under the period deemed appropriate, whereby the issuance and offering of debentures may be made by various methods, in whole on one or several occasions; and shall have the authority to appoint debenture holder representative and/or registrar and/or underwriter and/or broker and/or advisor and other relevant persons, including the authority to execute, amend, negotiate contracts and/or any other documents with the relevant persons, prepare, liaise, give information and submit documents and evidence to the Office of the Securities and Exchange Commission, secondary market for debt instruments, the credit rating agency, register the debentures with the Thai Bond Market Association and/or any other agencies relating to such issuance and offering of the debentures, as well as to set out the relevant criteria, conditions and details and make any relevant arrangements to accomplish such purpose, subject to the requirements in the applicable notifications, regulations, criteria and laws, and take any related actions as appropriate.

Having considered the matter, the Board of Directors' Meeting No. 1/2019 which was held on February 28, 2019 resolved to propose that the Meeting of Shareholders consider approving the increase in the amount limit for issuance and offering of debentures to be an outstanding amount not exceeding Baht 45,000 Million from the existing amount not exceeding Baht 35,000 Million. In this regard, the Executive Board and/or the President and/or a person(s) delegated by the Executive Board and/or the President, shall be authorized to proceed as proposed.

The Chairman allowed shareholders to make inquiries and provide opinions.

No shareholders made any further inquiries or provided any further opinions, the Chairman then requested the Meeting to consider this matter.

The Meeting considered and voted on this matter. The Company Secretary then announced the voting results as follows:

951,203,417 votes attending the Meeting in this agenda item as follows:

950,163,754	favorable votes, representing 99.8907 percent
1,020,676	unfavorable votes, representing 0.1073 percent
18,987	abstaining votes, representing 0.0019 percent
0	vote of voided card

Having considered the matter, the Meeting resolved by not less than three-fourths (3/4) of the total votes of the shareholders attending the Meeting and having the rights to vote, to approve the increase in the amount limit for issuance and offering of debentures to be an outstanding amount not exceeding Baht 45,000 Million from the existing amount not exceeding Baht 35,000 Million, per the details relating to the debentures as proposed.

Item 9 Consideration and Approval of the Amendment of the Articles of Association

The Chairman requested Dr. Anukool Tuntimas, Director, to clarify the details on the amendment of the Articles of Association to the Meeting.

Dr. Anukool Tuntimas, Director, clarified to the Meeting as follows:

1. Section 31 of the Public Limited Companies Act B.E. 2535 (1992) prescribes that subject to Section 19 paragraph two, the company may amend the memorandum of association or the articles of association of the company only when the meeting of shareholders has passed a resolution therefor by not less than three-fourths of the total votes of shareholders present and qualified to vote.

Regarding the amendment of the memorandum of association or the articles of association of the company, the amendment registration shall be performed within fourteen days from the date on which the resolution was passed at the meeting.

2. As a result of the amendment to the Public Limited Companies Act (No. 2) B.E. 2544 (2001) to effect that public limited companies may purchase or hold its own shares or gain benefits from a debt-to-equity conversion to make their administration suitable and in line with changes in economic conditions for the purpose of the companies' administration, including promulgation of the Announcement of the National Council for Peace and Order No. 74/2557 (2014) Re: Electronic Conferencing, which stipulates that other than a meeting as required by law to be convened in accordance with the procedures prescribed by such law, such meeting may be held through electronic media.

3. Having considered the matter, the Board of Directors' Meeting No. 1/2019 which was held on February 28, 2019 resolved to propose that the 2019 Annual Ordinary General Meeting of Shareholders consider approving the amendment of the Articles of Association, Articles 5, 11, 24, 25 and 40, to ensure consistency with the Public Limited Companies Act (No. 2) B.E. 2544 (2001) and the Announcement of the National Council for Peace and Order No. 74/2557 (2014) Re: Electronic Conferencing, as follows:

Having considered the matter, the Meeting resolved by not less than three-fourths (3/4) of the total votes of the shareholders attending the Meeting and having the rights to vote, to approve the Amendment of the Articles of Association, Articles 5, 11, 24, 25, and 40, per the details as proposed.

Item 10 **Consideration of Other Matters (if any)**

The Chairman allowed shareholders to make further inquiries and provide further opinions.

Mr. Chatree Charoennueang, shareholder, inquired about progress of the MRT Orange Line Project, a part of which was running through MCOT, and inquired about the completion date.

Dr. Supamas Trivisvavet, the President, clarified that the MRT Orange Line Project, Contract 1: Underground Civil Works, Thailand Cultural Centre - Ram Khamhaeng 12 Section, made progress accounting for 22.90 percent; Contract 2: Underground Civil Works, Ram Khamhaeng 12 - Hua Mak Section, made progress accounting for 15.50 percent; and Contract 5: Depot and Park & Ride Facilities, made progress accounting for 27 percent. The remaining construction would take approximately 2-3 years.

Mr. Somchai Rangsriskolsawat, shareholder, inquired whether or not the Company planned to cause CH. Karnchang to be a holding company, and if so, how?; and also suggested that the conference room should be arranged to ensure that the shareholders would be able to clearly see from the front of the Board of Directors.

Dr. Supamas Trivisvavet, the President, clarified that the main structure and business of CH. Karnchang was construction business but the Company had conducted risk management by way of expansion of investment in many companies obtaining infrastructure concessions, whereby the Company obtained returns on investment in a form of share of profit and also dividend, which helped increase revenue for construction business; and the Company generated revenue from concession business, as a result, the Company's operational results were then strengthened. Currently, the Company had revenue and profit from the main business, i.e., construction business, including revenue and profit from the concession business at the similar rate, all of which were deemed the Company's strength of the business operations at present.

As for the enquiry about restructuring of CH. Karnchang as holding company, the Company previously did research and comparison between pros and cons. Whether or not the Company would be restructured as holding company by isolating the construction business, the Company would take this matter into consideration and requested to do more research to consider advantages, disadvantages and impacts, including in terms of revenue structure, duty and tax, and law. After careful and circumspect consideration, the Company would notify the shareholders of any progress.

With regard to the arrangement for the conference room, it would be taken into consideration for further improvement.

No shareholders made any further inquiries or provided any further opinions.

The Chairman thanked the representatives of shareholders who witnessed the counting of votes, and clarified the details of preparation of the Minutes of the Meeting that to ensure compliance with the best practices in the AGM Checklist, after the Meeting, the Company would notify the resolutions of the Shareholders' Meeting via the Stock Exchange's news system and would complete the preparation of the Minutes of the Meeting within 14 days from the Meeting date for submission to the Stock Exchange through the information dissemination system of the Stock Exchange and on the Company's website at www.ch-karnchang.co.th, for the shareholders to acknowledge the results of the Meeting and verify the correctness.

The Chairman informed that the Company already completed the proceeding of the 2019 Annual Ordinary General Meeting of Shareholders and presented all agenda items to the Shareholders' Meeting, including resolutions of the Shareholders' Meeting on all agenda items, the Chairman therefore thanked all the shareholders for attending the Meeting as well as providing useful suggestions. There was no other matter for consideration. The Chairman adjourned the Meeting at 12:00 p.m.
